THE STORY OF LUCIFER

KNOW this as the truth of the true god of our freemasonic sacred guild, the thelemic masters, of the illuminati, holy new age gurus, know this truth that their god is satan lucifer, the morning star,

This star is sirius, the dog star the brightest star in the firmament, found in the area of pleiades, and its from this star constellation that lucifer came from, travelling to this world in a space craft, (ufo,) flying saucer, and populating this planet with his royal seed, we are all of us involved in this order, from this genetic seed, after lucifer colonized planet earth now the masters plan is to seed and colonize our great white brotherhood, holding fast the days, until the time comes, when he shall reign again, kard number 32, and the true lord of lords and king of kings will one day be the master again, of a one world religion, one world monarchy, one world government, one world bank, may all attain, as new gather into the aile unto the city of pyramids, the globalization, new world order, of the aryan master race the first and the last, lucifer.

Methodologie Instructionz
part one**

1

LAYIN OUT THE SPREAD

The dealer/reader, sits at the green kard table, while the qer, comes to the table and croixs the dealers palm, the dealer then places the major arkana, in the position of the 4 toon tellin spread, first the major is in the order from 11 - 32 ,

the maacknaztie kard is taken out and placed into the minor arkana pack, then placein the first kard number twelve into the first position, at the top, of the circle, then placein number 13, in the next position, and so on.....antiklockwize round the circle (see diagram),

(the ten degrees left to right,....spread diagram read in orda 11-32, left to right antiklockwize.)

Of the 4 toon tellin tarot kard spread, placing the 32nd kard into the center of the circle/realm, Now the dealer places the minor arkana the numbers and monarks ito the center next to the 32nd kard on the left, the whole minor deck is turned upside down,

2

THE MAATIAN GUIDENCE

Before the game/ reading takes place, the dealer and the quer, must take a moment to wish upon the holy gaurdian alien set over the mps tarot kardz, to help with the reading proceedings, as he watches over us from outta space.

3

The shuffle and the kount

The dealer gives the qer the minor deck from the center of the table spread, and the qer then shuffles, the deck, hand over hand, once the qer decides, that the deck, is sufficiently shuffled, the qer then hands back the deck to the dealer/reader, who then places the minor deck, to the left of the 32nd kard in the center of the circle, the shuffle is done, but the dealer dos not read the shuffled kardz, as they are in kaoz, and are too confuseing, for any logic, “ for this game”, no, the dealer/reader needs to kount the order in this game, which is done this way,

Now the game begins, the dealer/reader, turns over the top off the minor arkana deck, placing the dis kard too the right of the 32nd kard in the center of the circle, reading the number turned, if its a lower hand left degree two accociateing to the circle two reading the 4 toon, the reader reads the next in turn, accociating number is twelve on the circle, if the kard turned dos not equal to the circle then the reader just turns another kard and reads on, until the next degree turns up kounting in order 1 through to 10, turning and reading, the left hand and the right hand, until the reading is completed, if the minor deck is used up then the qer shuffles again, and the game continues,

4

THE FOUR SUITS

The reading begins on the left the lower 10s then read to the higher 10s, in order 11 – 31, when the number equals, the degree, then the reader, reads the trump, meaning, to the minor arkana, suit meanings tell the qerz 4 toon what it says and explains what it means, there are four suits, in the minor arkana, deck, 1 = money, 2 = health, 3 = lovelife, 4 = work,

1. dole = money career matters
2. kanez = health, and strength,
3. mvgz = lovelife,
4. weed = work, jobs employments

5

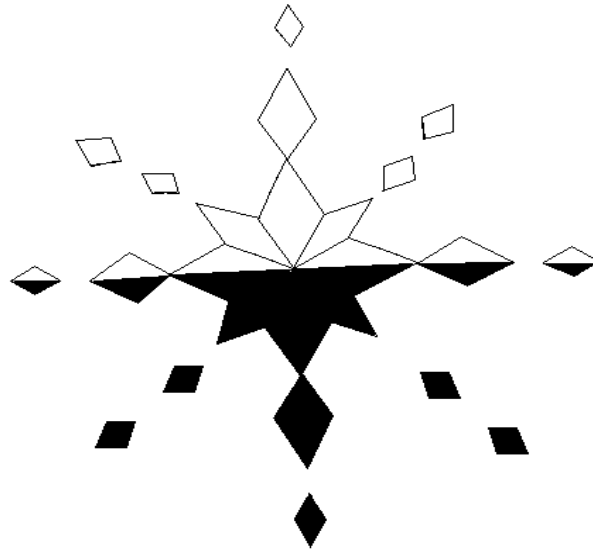

THE TEN DEGREEZ, LEFT AND RIGHT.

The dealer/reader, turns the minor kardz, and kounts or associates the number to the trump kard, which is each degree around the magic circle, equaling as they match, with the table order, going infu, the order, in order systematicly, from left 12 – 31 right, until the end, as it is from the beginning.

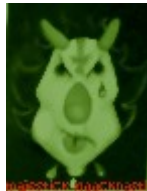

The ten degreez

1. left .lower hand . Higher hand. right

1	12	31	10
2	13	30	9
3	14	29	8
4	15	28	7
5	16	27	6
6	17	26	5
7	18	25	4
8	19	24	3
9	20	23	2
10	21	22	1

**Then on in the order, until the final card,
number/degree that is 31 is read.**

6

THE JOKERZ

0, = JEZTYR

00, = JOKAA.

000, = JEZTAZ KHRIZTAZ.

**There are four jokaz in the mps tarot card deck, at the start
the 11th maacknaztie, is put with the others, in the minor
deck, and shuffled with the numbers and the monarchz, but
never counted in the reading for any qer, these kardz are my
significater, card and in this game can only be read, as me, in
my own personal readings, as in the sabbath, then for the
readings they do represent holidays for fun and frivolity,
plenty of intoxication,**

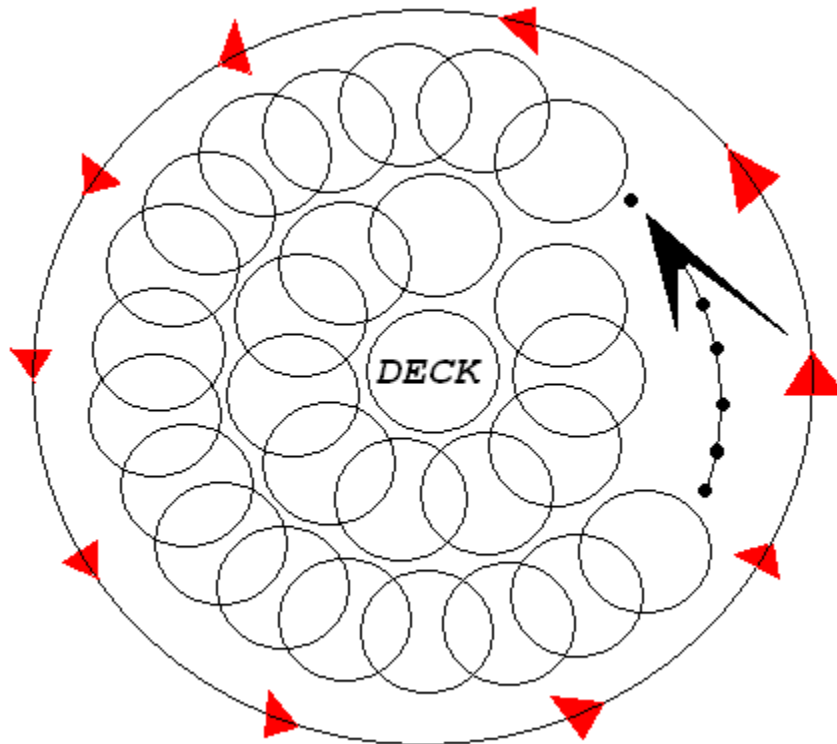

Additional game

THE 24 HOUR KOUNT.

1. JOKERS = HOLIDAYS.
2. MINOR = 12 HOUR KLOCK.
3. MAJOR = 12 MONTHS.
4. ALL = 7 DAYS ETERNAL/ FIRST DAY = THURSDAY.

Heres another method of the twenty for hour klock, this one kounts the 24 hours of the klock shuffle the deck, and lay the kardz round the deck, antiklockwise, round the deck,(see the diagram)

kount all the spread kardz as dayz, starting the first day of the week at thursday, onwards infruout the deck, kount the months starting the month kount from november also add up the numbers, of the trumpz for the monthz not each kard as these are also dayz, and to kount the minuates of the hours kount the minor higher numberz = 12345, for minz, and the lower numberz = 678910, kount the jeztaz as the holidayz, now also suit and read the trumpz to make a reading, to tell your 4 toonz,

the minorz represent

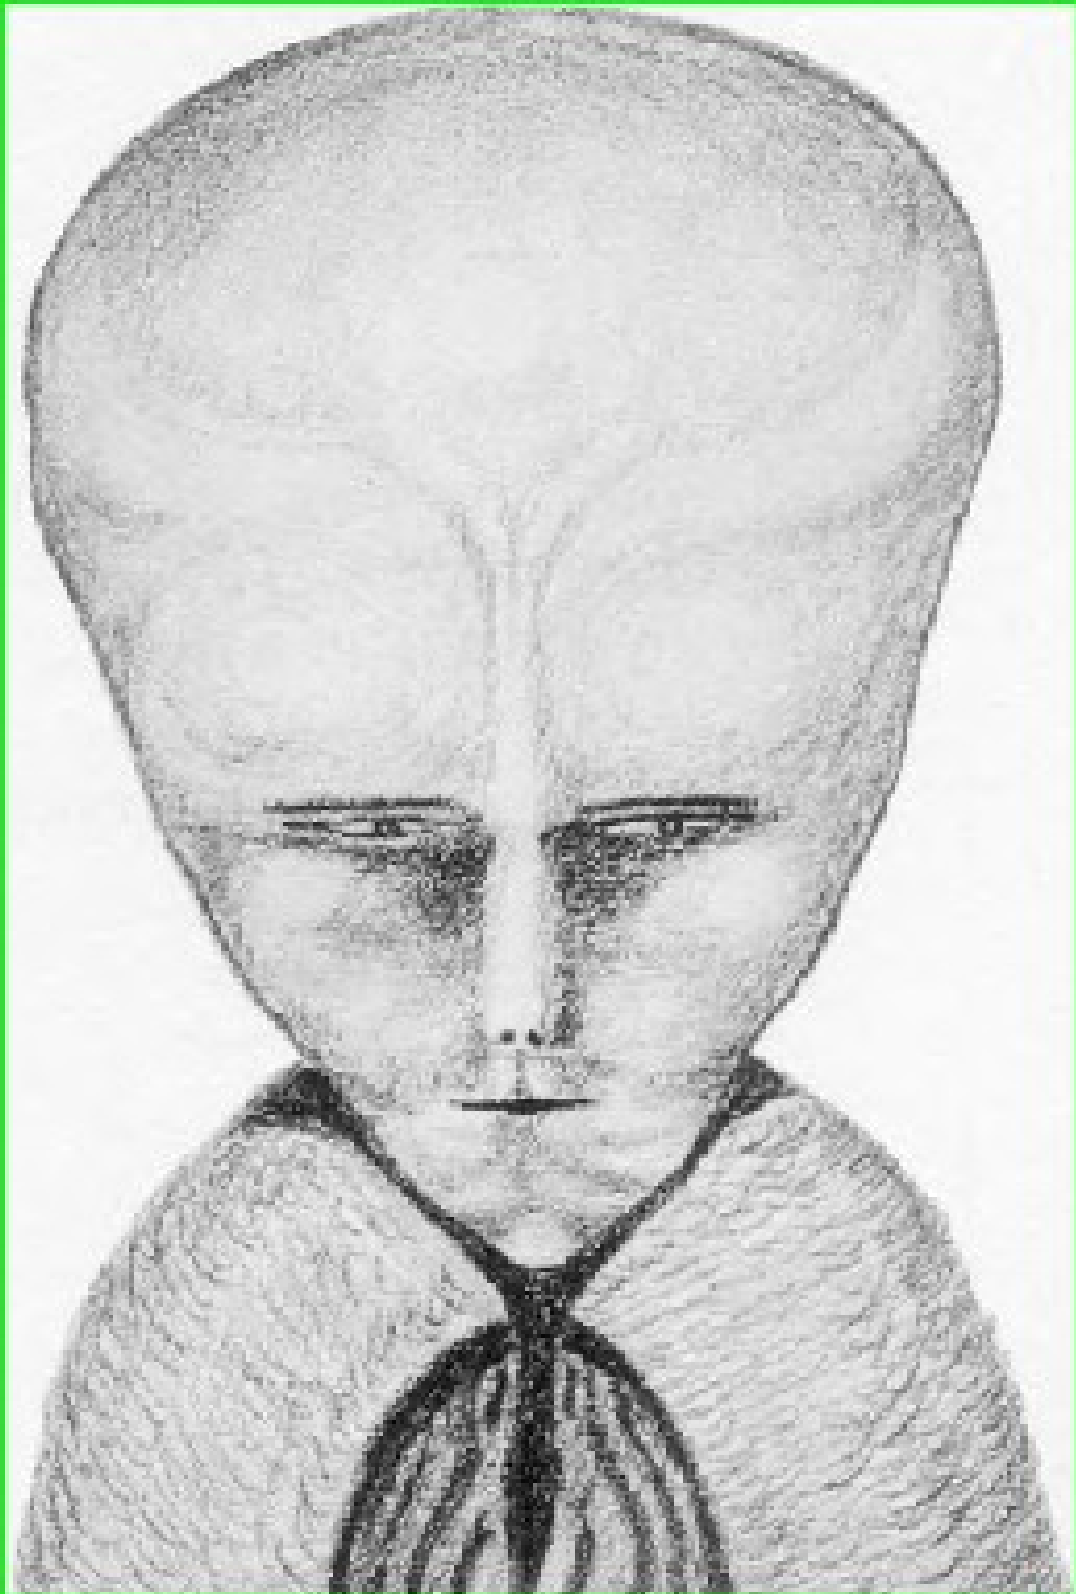

1. dole = kash =money matterz.
2. Kanez = health strenth.
3. Mvgz = love life.
4. Weed = carrear, work.

Suiting to the trumpz correspondently by the lay out, read the minorz and the trumpz, make a reading up and tell your friends, (see mko for more meanings).

THE MKAATIAN AGENDA

NOTEZ ON THE ALIEN WISH, EXPANDED

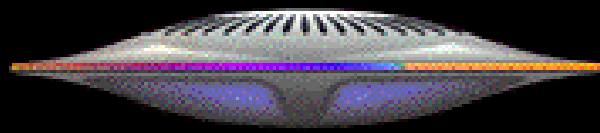

THE MAATIAN AGENDA

The cult of the tarot, very distant psst, is very old that their aint no modern documents, at all to calculate the age of the ancient arkanas wizdom, but for this small treaty, I will pick up the tale from eliphaz levi and the secret societys.

1. The great eliphaz levi compiled a full magickal treatie on magic, named magic dogma and ritual.
2. The victorian secret society called the hermetic order of the golden dawn, found eliphaz levis book at a london book stall, in the work which they found was the secretr kabbalistic planetary attribution, which expanded the order, of the golden dawn, into a very popular society, the attribution was kept secret, and the other members would have to rise infru the orders grades to attain the secret attribution. And these freemasons claimed to have made contact with the tarots hidden masters.
3. One young member who joined the society was sir aleister crowley, who proved too be a great adept of this secret art,of the grand arkana, he attained the secret attribution, and tried for the communion with the secret cheifs, but the then o.h.o of the golden dawn, wouldnt let him acceive, the grade required, as a result in a magic war, between mr crowley and macgeggor mathers the chief of the order of the golden dawn, the war ended the golden dawn, evenually, they dis - banded, and their tarot deck was reportedly throw over a cliff.
4. Mr crowley continued his studys, and research, of the magickal ceremomy and ritual, he married his new wife

rose kelly, and went on his honeymoon, to chiro, whilst he and rose was there, rose went into a strange trance after mr crowleys conjurations, while rose was in this strange trance, she proclaimed “ THEY ARE WAITING FOR YOU!”, a full explanation of this event can be found in the compleat works of aleister crowley.

5. Mr crowley was ordered to go into his private study where he took dictation from an entity called aiwass his holy guardian angel, the message of horus was dictated over three consecutive nights, which resulted in a book called liber legis , aka, the book of the law, this book proclaimed a message for the human race about a new age beginning with a new world religion, which began 1904. This was mr crowleys contact with the secret chiefs of this holy order of the tarot, his holy guardian angel was a alien named lam/aiwass, see the picture reference, in this book of lam, these chiefs are a alien race, have been governing our human race since the very beginnings aleister was in contact with these ebes, creatures, who live in outer space, religious people know them as angels, the new age religion know them as maatian or aliens, they control planet earth, the guardians of mankind since the creation of the first man, there are many different kinds of H.G.A. They fly around in the universe in spacecrafts, rocket ships, u.f.o. To the uninitiated, it was these ebes that gave man the maatian document called the tarot.

THE CHERUB OF EZEKIEL.

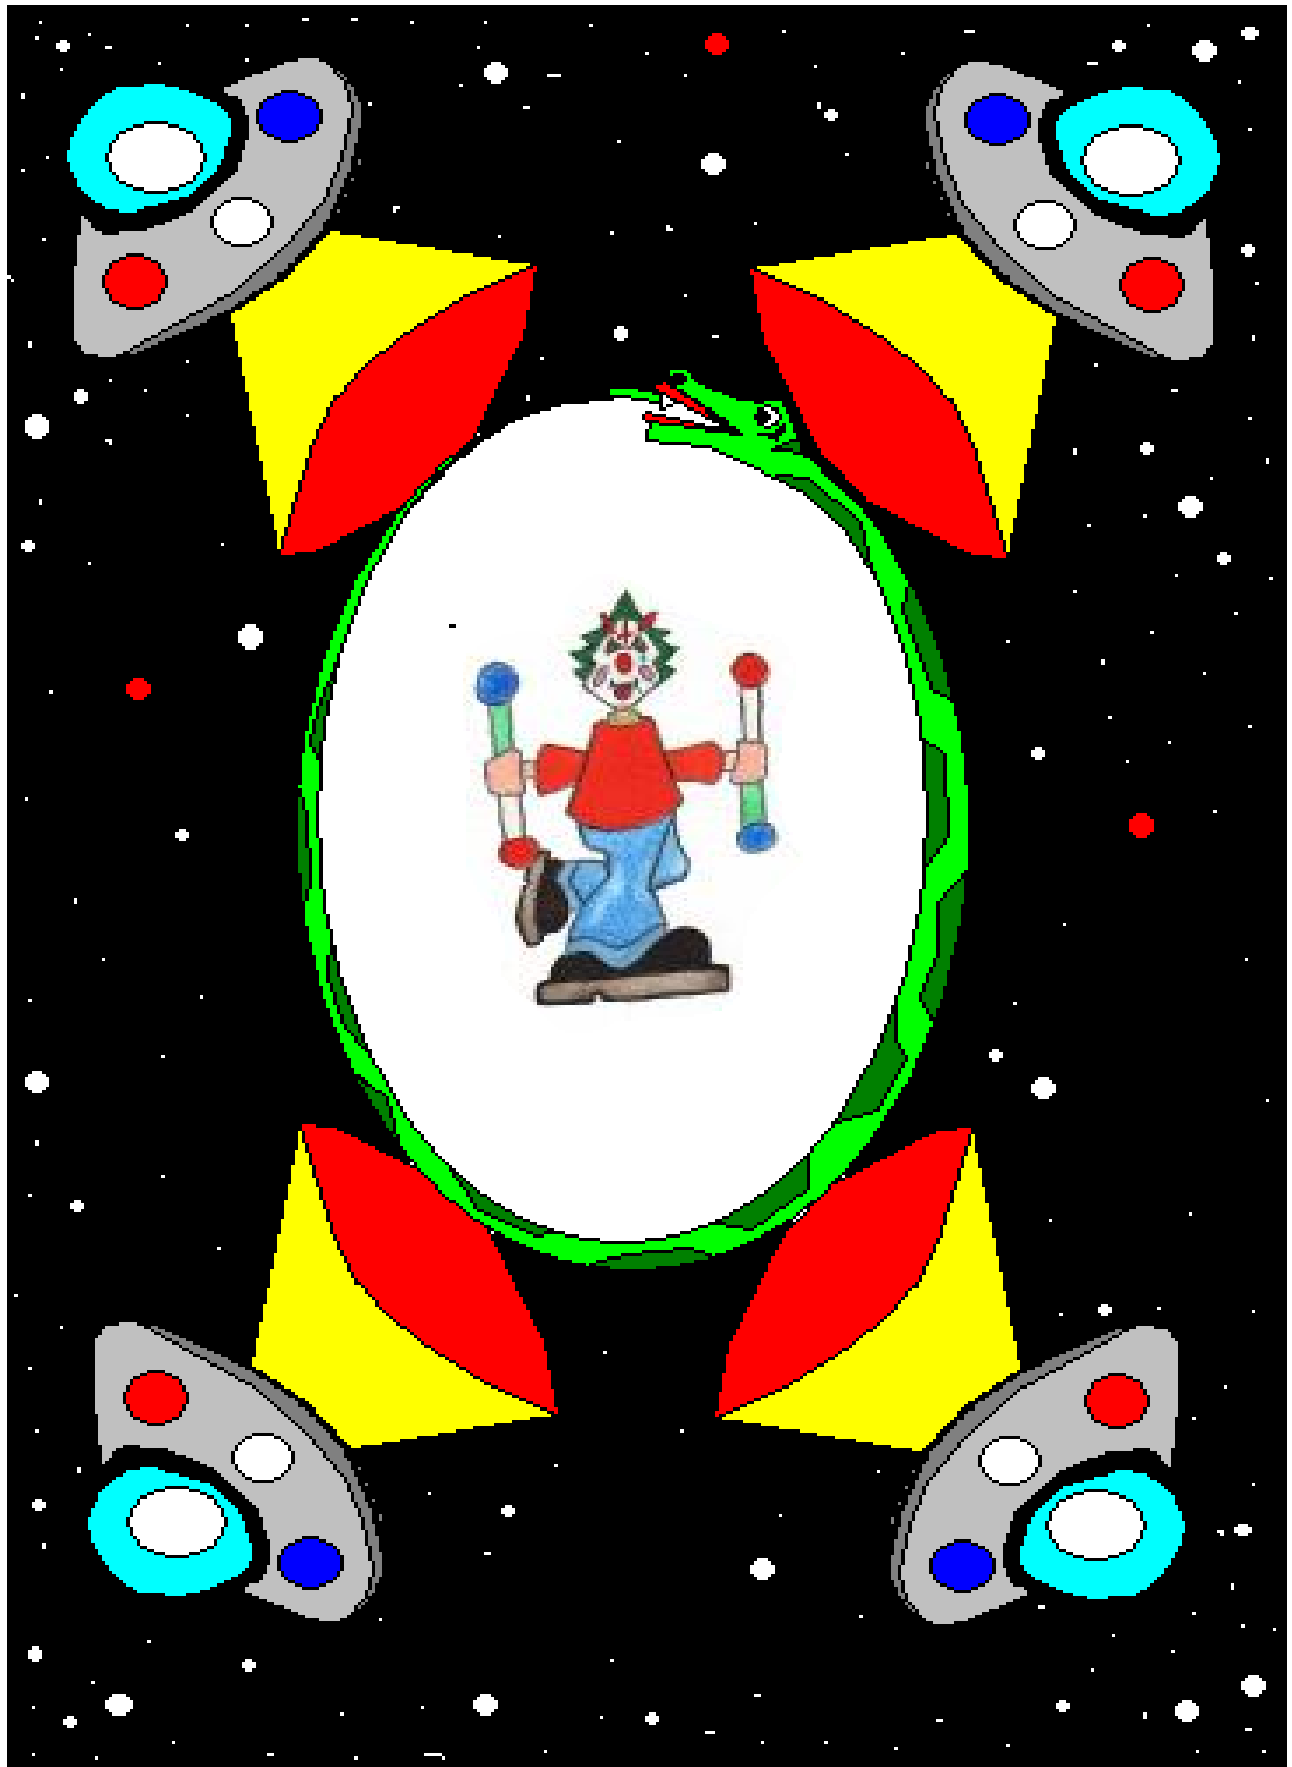

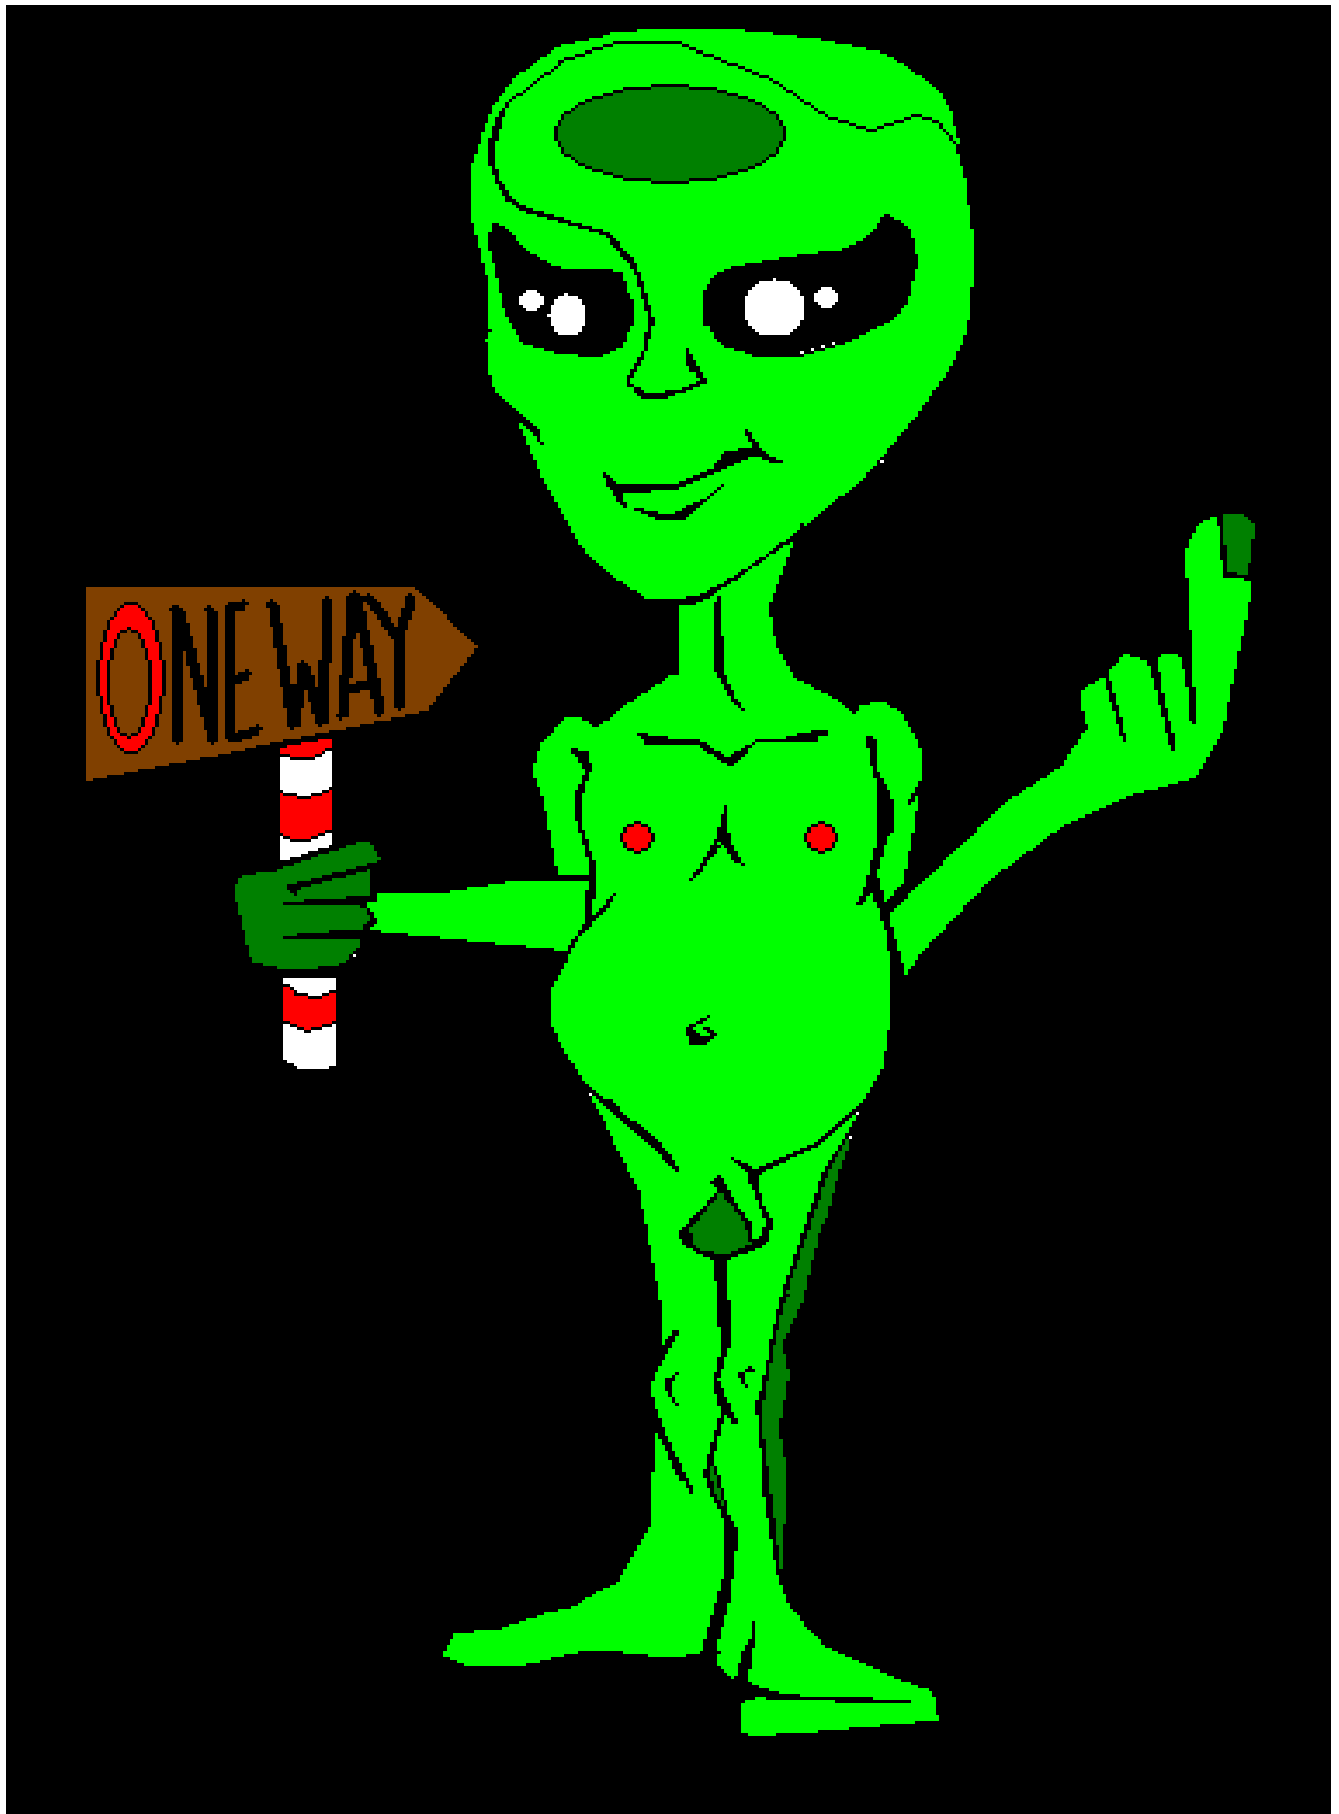

MY KNOWLEDGE AND CONVERSATION WITH THE HOLY GAURDIAN ANGEL.

i lived once at 69 simons court block flats on the seventh floor in wythenshawe manchester, it was in this flat that i studied the thoth tarot deck, intently too learn all that i could, of the tarot to be a good tarot reader, I studied all prescribed all the books and indwelled in my occult drug den, studying and reading on the manchester phone lines, for four years, I stayed there until the wythenshawe, council decided to knock down the flats, so they moved me out they gave me 1500 pounds and a opportunity to move were ever I liked in the council office I chose my new place, with the idiotic precision of a geomantic dowsingtechnique on a coucil map,they got a map out and I randomly pointed to a area, they got me a

house in knutsford, cheshire, I moved in to 3 summerfeild knutsford and continued my studys, and readings and some times on the phonelines, when one day I happened to find a cheap offer of the called the sacred magic of abramelim the mage, I brought it home, to my new country council art retreat, and began the ritual too communicate with the holy gaurdian angel, doing all that I was told in the book, study work, and so on, for six years, - 12 years, till one night, I was walking into the kitchen, too make a cup of tea, when a red light flashed directly into my eye, I turned my head to look out of the window, in the nite sky, I could see, a lite like a star, but it wasent, a star it was moveing up and down and left to right, flashing red and white lites, I could mentally ask it to move in a certain direction, and it would , that was one occation, in my time I had unconcious vissions of being inside their craft, with entitys resembling the greys, and one friday evening a enormous triangular space-craft, was hovering silently over my house, craft both black and white in the daylite hours would sit in the sky outside my windows, during this time there was various mediums giving messages to me which resembled my private thoughts of them, ive moved since, to another house in knutsford, one morning I watch a little star spacecraft floateing and moveing forwards across the green outside my house the ritual ive done and continue to do has certainly attracted them too my home, but ive not made compleat real contact with them when their close I suffer chest pains and stress illnesss cuse of the high pitch fear accociated with them but ive never conciously spoken with them. This has never been answered but im mostly content with these verious experiences.

THE MPS FOR A QUICK 4 TOON.**

Once the rounds of the game of beat the klock has been played, and the values have been summons, then each player, may read their 4 toonz respectively, To know their past present and future there are two methods employed here.

1. The first method is called the m.p.s method (see spread one,) Put each major trump, and value = minor on the spread picture positional number, 1 to 10, it dos not matter if you dont have all the kardz placed upon the mps spread numbers 1 - 10, read the kardz and the places accordingly, the minor suits kount on infru the m,p,s place marks resulting in the future and make a toon out of the these
