THE DECK

JOKERZ, = HOLIDAYS.

MINOR, = 12 HOUR, + 24 HOUR KLOCK.

MAJOR, = 12 MONTH, KALENDER, KEY.

ALL, = 7 DAY WEEK, / 1ST DAY THURSDAY

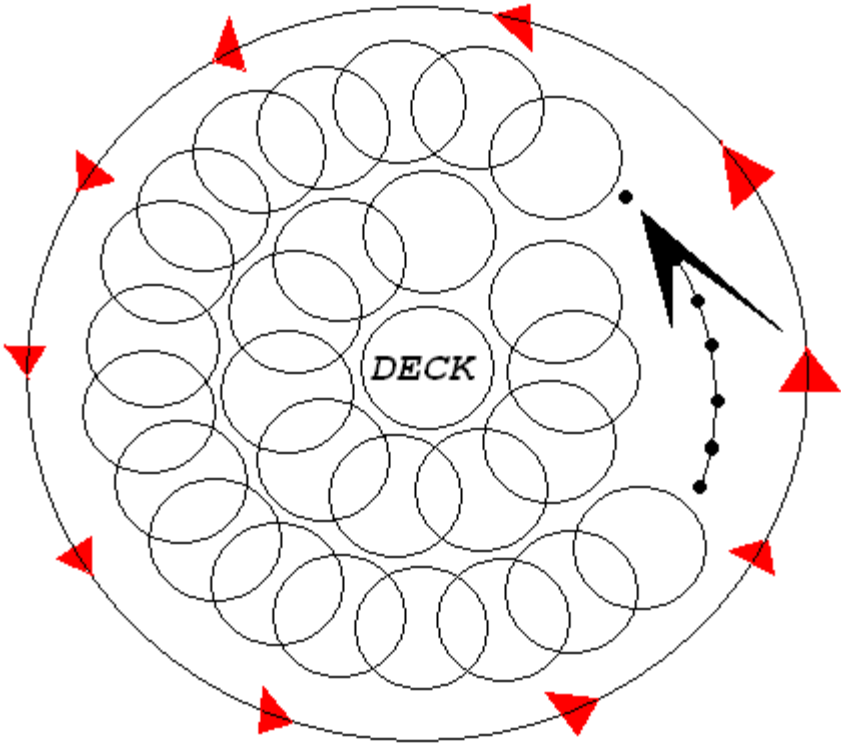

This is the second method, to kount time on the rota, shuffle the deck, (see diagram 1,) kount all the spread kardz as the daze starting the first day of the week at thursday, kount the monthz starting november, as the first month of the year, kount and add up the trump numbers for the yearly month cycle, to kount the minuates, hours kount the minor kardz, kountin the higher numbers, 12345, as the hours, and the lower numbers, 678910, as the minuates, kount the jeztas as holydaze, suit and read to tell your 4 toon, (see diagram 2,)

sutin to the minor, and major correspondently, when a minor is trumped by a major this is bad luck, when not trumped this is good luck, see mko for more correspondences, make a readin and tell your 4 toon. end.
